## The Word this Week: God Disciplines the Beloved!

Jack pine, a plant found around the northern part of central and eastern United States and Canada, need fire to survive. After a forest fire, Jack pines release their seeds and blossom. In a similar way, an iron, when put into the fire, loses its rust and glows, it is in the same way that divine discipline refines us and brings out the best in our lives. Divine discipline leads us to a better and more gracious life. You can imagine the renewal that Saul underwent from that discipline he received on his way to Damascus (Acts 9:1-19). The Lord's discipline is meant to bring about the death of the old man in us for the new man to emerge (Col. 3:9-10).
